

The Adventures of Daffy and Sprigs

My husband Steve and I lived on a 95-acre farm, when we first moved to Indiana in 1976. We lived in an old farm house surrounded by lots of woods and cornfields. We also had a creek that ran behind the house, not too far from Daffy and Sprigs swimming pool and our back deck. Sometimes I would get crawfish out of the creek and other goodies for the turtles. We had fun watching them sit on their deck and soak up the sun. When the frogs would join them from the creek below, they would eat whatever goodies I had, right along with Daffy and Sprigs.
