

Punk Rocker

Punk Rocker is the much anticipated sequel to L.A. Punk Rocker: top author Brenda Perlins best-selling punk anthology. Here you will find a collection of short stories from those who were there in the early days. Hard core musical anarchists who saw it all, heard it all, did it all - and survived to tell their stories. Along with Brenda and the West Coast punks, Punk Rocker features rebels, writers, commentators and street kids from all over America talking about the music, the fashion, the attitude, the passion, the lifestyle and, of course, the bands who made it all happen. Meet people who discovered punks new dawn and those who were there for its sunset, in the ramshackle mausoleum of the Chelsea Hotel. Backstage, in the clubs, in the gigs, in hotel rooms with the band, on the streets Brenda was there. She saw it all. And so did her friends. Punk Rocker. If you missed it what are you waiting for?
