It wasn't the sex talk he expected. Phillip Sallinger's dad has told him he's a custodian--a guardian--and his genetically inherited power is telekinesis. He'll learn to move objects with his mind. Excited to begin superhero high school until he discovers he's assigned to a special ed class for disabled empowered kids, he suddenly feels like an outsider. Bullied, threatened, and betrayed, Phillip struggles, even as he and his friends--calling themselves the Ables--find ways to maximize their powers to overcome their disabilities, and are the first to identify the growing evil threatening humanity. As vital custodians disappear and the custodian leadership is mired in indecision, a mysterious and powerful figure taunts Phillip, and the enemy is poised to strike. But what if the next one who does all, the multi-gifted custodian predicted to come, is one of the Ables?
