

The Bizarre Life Cycle of a Mayfly (Strange Life Cycles (Gareth Stevens))

Depending on the species, an adult mayfly may only live one day or even less. Readers investigate the mystery of the strange, short life cycle of the mayfly. With full-color photographs and graphic organizers to aid understanding, the book presents science content in age-appropriate language and detail. Fact boxes exploring more weird mayfly information add to the fun and engage bug enthusiasts and nature lovers alike.
